

JANET NAPOLITANO
GOVERNOR

M E M O R A N D U M

To: 2-1-1 Supporters & Interested Parties

From: State of Arizona 2-1-1 Project Management Team

Subject: 2-1-1 is Coming to Your Community

Date: March 2, 2005

Arizona 2-1-1 is an exciting statewide initiative to facilitate the public's access to health and human services and emergency resources. Arizona 2-1-1 Online will be available via the internet in late spring. With the support of the Governor's Office, the Arizona 2-1-1 team is starting outreach meetings in your community this month.

Arizona 2-1-1 Online is designed to ease access to services provided by state and local governments and community organizations. Arizona 2-1-1 Online will also serve as an official source for disaster response and homeland security information. For background information on 2-1-1, see <http://www.az211.gov/>.

How do I learn more?

March

Introductory meetings in March will cover the following subject areas:

- What is 2-1-1?
- What key features will be available through Arizona 2-1-1 Online?
- How can my organization or community get involved with 2-1-1?

Based on the strong interest in a set of meetings originally designed for AHCCCS contractors, we are adding additional outreach meetings. Please see the attached list for a **current updated list** of public outreach meetings including intended audience, locations, dates/times and contact information. Meetings in additional communities are also being planned.

April

We are seeking community members to participate in testing of the Arizona 2-1-1 online system. Interested parties should e-mail us at az211@azgita.gov and they will be contacted by Keely Varvel Hartsell of the Governor's Office.
